EDUCATIONAL PROGRAMMING

The McHenry County Historical Society & Museum serves as a valuable tool for the County's school districts to educate future generations about the role that history, specifically local history, plays in our everyday lives. We have a full research library that teachers and students can use onsite to do local history research, including monographs, newspapers, subject files, local and County records, photos, and so much more. We also have temporary and permanent displays of 3D artifacts covering numerous thematic topics and an onsite 1800s log cabin and one-room schoolhouse for young learners to explore social themes from earlier eras.

Group Tour Request Form

The McHenry County History Museum welcomes groups of all ages and abilities to visit us! Please complete the following request for school, organization, and community group visits to the McHenry County History Museum in Union, Illinois. Reservations are required for all group visits so that we have adequate time to schedule a docent(s) to lead your tour. A docent must lead all organized, non-family groups of 6 or more.

Group rates and programs are only available to groups that complete a Group Visit Request form at least 14 days before their earliest requested visit date. School/day camp groups require a minimum 10:1 child-to-adult chaperone ratio.

After completing the form, scan and email your request to the grouptours@mchenrycountyhistory.org. A member of our Education Committee will contact you to discuss and finalize your date and time.
